## CONGRESSIONAL HAPPENINGS IN WASHINGTON

By CLARENCE J. BROWN  
Member of Congress,  
Seventh Ohio District

If the present plans of Administration leaders work out as expected an amendment to the Selective Service Act providing for the conscription of eighteen and nineteen year old boys will be passed and approved by the President before the end of this week. On Monday night of last week, in a nation-wide radio broadcast, President Roosevelt declared the time had arrived in America's war effort when it was necessary to lower the draft age from twenty to eighteen years. The next day he requested his party leaders in the Congress to proceed at once with the necessary legislation to make eighteen and nineteen year olds subject to the draft. Early Wednesday morning hearings on the legislation were begun before both the House and Senate Military Affairs Committees. General Marshall, as head of the Army, Admiral King, as head of the Navy, and Gen. Hershner, as Director of the National Selective Service System, as well as Secretary of War Stimson and other high officials, all testified that the present military situation is such as to make mandatory the conscription of the eighteen and nineteen year old groups. The bill was reported to the House by unanimous action of the Military Affairs Committee late Thursday evening, debate was begun Saturday, and the bill passed late the same day by a heavy majority.

The bill for lowering the draft age had no "enthusiastic" support in the Congress. The Members who voted for it did so with reluctance and regret, and only because the President, as Commander-in-Chief of the army forces of the United States, and his subordinate chiefs in charge for the Army and Navy, insisted that such action was necessary for winning the war and for the safety of the nation. Neither the Congress nor the people have been given any great amount of real information on the war's developments, and many Members of Congress, being without sufficient information on the military situation to properly judge our man-power needs, believe it necessary to agree to the demands of the Commander in Chief and his Aides, who are responsible for the conduct of the war.

For some time there has been a great deal of discussion as to the size of the U. S. Army should be. Several months ago plans were under way for the building of a thirteen million man army but, as reported here, changes in the plan became evident a few weeks ago and General Marshall advised the House Military Affairs Committee, in his testimony last week, that the present program calls for an army of 7,500,000 men by the end of 1943. Great emphasis will be placed on building a strong air force and many mechanized divisions. Marshall also announced that at present time the United States Army contains approximately 4,250,000 men, which means that an additional 3,250,000 will be taken into the army in the next fourteen months, if present plans are carried out.

The heaviest taxes in our national history are about to be imposed upon the American people. As this is written the Conference Committee, named to settle the differences between the House and Senate on the 1942 Revenue Act, is hard at work and is expected that a final agreement as to the new tax measure will be reached and the report of Committee approved by the Congress by the time this column appears in print. The Conference Committee has agreed to accept the Senate amendment for a tax of 5 percent on all gross income above \$24,000 per year. It has also agreed upon the Vandenberg Amendment postponing the automatic doubling of Social Security taxes on January 1st, as provided in the original Social Security Law. Individual income tax rates of six per cent normal tax and surtaxes beginning at thirteen per cent, with exemptions of \$500.00 for single persons, \$1200.00 for married couples, and \$350.00 for each dependent, have also been agreed upon. Other differences between the Senate and House versions of the bill will be ironed out by the Conference Committee and the new 1942 Tax Bill will undoubtedly become law before the election, rather than later, as predicted by some critics of Congress.

## Mardi Gras Party, Friday, October 30

Many entries are being received in the various events of the big Mardi Gras party here the evening of Oct. 30, according to local officials. The community party is being sponsored by the Cedarville Progressive Club in cooperation with the public schools and village officials.

Local merchants are giving wholehearted cooperation in the window artistry contest in which prizes are being awarded to those who draw the most attractive soap designs. Plans are also going forward in making for an elaborate parade which will assemble at the college gymnasium at 7:30. A war bond sale climaxes an amateur hour in the town hall. The committee in charge says that all indications now point to one of the largest crowds in many years.

Fred Bird, in charge of the window decorating contest for the Halloween party, Oct. 30, announced the following instructions for entries. Use Bon Ami, Dutch Cleanser, Kitchen Kleener or soft bar soap approved by the committee. A paint brush may be used to apply soap to windows. Water colors may be mixed with the cleaning powder.

Children up to 8-years of age will draw pumpkins, 9-13 cats; 14 and over witches or ghosts. Only those reports to Mr. Bird in advance of the contest before noon Friday, Oct. 30 will have their drawings considered for prizes. Use the window assigned to you; otherwise someone else may get credit. Pictures must be completed before 4 P. M., Oct. 30.

## Owen Brown Died Sunday in Blanchester

Owen Brown, 73, father of Cong. Clarence J. Brown, representative for the Seventh District, of which Greene County is a part, died Sunday morning at 2:30 after an illness of four weeks, yet he had been billing the past two years.

Mr. Brown was vice president of the Brown Publishing Co., Blanchester, which publishes four weekly newspapers and does general printing.

Mr. Brown also had been purchasing agent for the state highway department, right of ways division, for six years, and previous to that taught school many years, was station agent for the Baltimore and Ohio Railroad in Blanchester and worked for a drug company in Cincinnati.

Besides his son, he is survived by his widow, Mrs. Ellen B. Brown; a daughter, Mrs. Lucille Jackson, and a sister, Mrs. Lillie B. Wade, all of Blanchester.

The funeral was held Tuesday afternoon in Blanchester with burial at that place.

## Xenian Killed As Car Crashes Rail

Returning from a visit with a son in the army at Ft. Thomas, Ky., John W. Fugate, Xenia, was instantly killed and several members of his family, seriously injured, when their car left the highway, State Route 42, about one mile west of Wayneville, shortly after 11:30 p. m. Sunday night and crashed through a guard rail on a curve.

The wife, Eva, and three daughters, Bertha, Christine and Catherine, are in Miami Valley hospital at Dayton where Mrs. Fugate is reported in a "not good" condition and the children in fair condition, all suffering a variety of injuries.

Fugate's body was brought to the Need funeral home in Xenia from the McClure funeral home in Wayneville.

### PREMIER HEPBURN RESIGNS

We were interested in the news from Canada when we learned with surprise that Premier Hepburn had resigned as head of the Ontario provincial government. In as much as the writer with a number of American publishers were invited guests at the Parliament House last summer we are not surprised that he would resign any post if he was called upon to do something he felt would not be good for his government and his people. He states in his resignation disagreement over war policy with Prime Minister Mackenzie King, head of the Canadian government on conduct of the war. King has been trying to follow in the footsteps of Churchill-Roosevelt which grinds the Canadian people. The fact England sent several thousand Canadian soldiers into a death trap set by Hitler without a single English soldier was the start of the break between the Canadian people and the government. Only a few of the Canadian soldiers escaped alive.

## COLLEGE NEWS

Rev. Walter S. Kilpatrick, President of Cedarville College, appeared and spoke at a joint high school-college chapel program Thursday morning, Oct. 15, before he left for New York and thence to Europe on his wartime mission. Miss Carrie M. Rife, principal of the high school, presided over the meeting and Supt. M. H. Bartels took part. Mr. Ira D. Vayhinger, Business Manager of the college and now acting president during Mr. Kilpatrick's absence, presented Mr. Kilpatrick to the audience.

The president explained that his position as assistant general director of the European Student Relief Fund was in close cooperation with the International Red Cross and the Prisoners of War Committee of the YMCA. The duties of these three organizations at Geneva, Switzerland, is to relieve the United Nations internees in Germany and German-occupied Europe. They endeavor to "add something, such as food or clothes, to the bare substance which the internees are allowed." They also try to set up classes and give these men something to do, as well as trying to keep them in touch with the outer world.

It was pointed out by Mr. Kilpatrick that Germany wants this work done for the reason that satisfied prisoners are less likely to make trouble. "And of course, the United Nations want to do all they can to comfort their internees."

"Wartime relief serves three purposes," Mr. Kilpatrick stated. "First, the Christian standpoint of service itself is served. Then it replaces diplomatic service between countries, for endeavor to make peace last when it is international in scope, and it will arrive." He closed by saying that he is happy that "the tie that binds Christian love across the world is still present even in time of war."

The high school band, directed by Mrs. Mildred Foster, supplied music for the occasion, which was held in the high school auditorium.

Later in the morning a delegation of college students and faculty members saw Mr. Kilpatrick off. He boarded an east-bound train for New York from where he will go by Clipper to Europe. The college Board of Trustees has granted a leave of absence for the current school year.

Mr. Kilpatrick's address in Europe will be: European Student Relief Fund, 13 rue Calvin, Geneva, Switzerland. This organization working through the World Student Service Fund at New York City in America, is making an appeal now for \$60,000 Swiss francs or \$200,000 dollars to carry on their work for the 1942-43 school year.

Since the ESRRF, as it is called, was created, some 15,000 students have benefited by its help, but today more than 50,000 students and professors have a claim to it.

Contributions to this cause are made by colleges, conferences, churches, and individuals. Among the Ohio schools to have contributed are Ohio Wesleyan University, Miami University, Wittenberg College, Muskingum College, Ohio State University, and Heidelberg College.

This program is endorsed by statesmen and educators from every nation. Generalissimo Chiang Kai-Shek in referring to American Students as represented in the World Student Service Fund, said, "With Government aid Chinese colleges, universities, and other institutions of higher learning have continued to operate in spite of the tremendous hardships and dangers of indiscriminate aerial bombardment. Our students must be prepared to assume leadership in all spheres of our national life. Viewed in this light, we appreciate all the more the aid that has been extended to our students."

Rev. H. B. McElree, pastor of the Second United Presbyterian Church at Xenia, was the guest speaker at a joint YW-YM program Thursday morning, held in the college chapel.

Cedarville College's program is making progress. The baseball team has finished its fall conditioning and the boys are spending the interim between the baseball and basketball season in physical education classes under the direction of John Brill.

The basketball schedule for the coming winter still has several tentative dates and for that reason is not ready for release. Coach Robert E. Dorman announced that Tiffin University has definitely cancelled their two Indiana-Ohio conference games with Cedarville as they are withdrawing from intercollegiate sports for the duration of the war.

The freshman class of Cedarville College sponsored a "Hayride De Luxe" for the college student body, Thursday evening.

## Winchell Says G. O. P. Now In Full Swing

When Walter Winchell, radio commentator and a 100 per cent follower of the New Deal, says the nation is swinging to the G. O. P. that is NEWS. Winchell predicts New York Republicans will elect Dewey and the entire ticket. Ohio is placed in the certain column with most all congressmen.

Indiana is uncertain but Illinois, Wisconsin, Missouri, Iowa, Nebraska, S. Dakota, Wyoming, Colorado and California along with Pennsylvania are given to the Republicans.

The boy army draft is causing a heavy swing away from the New Deal. Coffee, tires and gasoline are each contributing. The public now realize the Democrats are going to put Americans "back on their feet."

The Winchell prediction follows closely the trend indicated by the poll taken by the Chicago Tribune.

## R. O. Wead To Be "Dad Of Dads"

Ralph O. Wead, cashier of the Xenia National Bank, has been selected as Ohio State university's "Dad of Dads" for celebration of "Dad's Day" by the students at the football game Nov. 7 with the University of Pittsburgh.

The father of Mary K. Wead, a senior, Wead's name was selected at random from a file containing names of fathers of all students.

## AID IS ASKED TO REGISTER PUBLIC FOR COAL OIL

The public schools have been asked to direct the rationing of the public that uses coal oil for any purpose, this to include any fuel oil. Such oil is to be rationed as sugar and you must register to get a ration coupon book.

Supt. M. H. Bartels attended a meeting in Xenia Wednesday evening when Mr. Edwards of the State Board explained the duties. Citizens will register at the school house Thursday, Friday and Saturday, Oct. 29, 30 and 31 between the hours of 2 and 8 P. M. each day. Anyone using coal or fuel oil for domestic, farm or commercial purposes must register.

Supt. Bartels asks for volunteers to aid in this work and to report to the school office as soon as possible.

## CAN YOUR SON GET HOME FROM CAMP ON DETACHED SERVICE

We have been asked numerous times just what was "detached service" as it concerns those in military camp.

The question arises with the return of Capt. George H. Smith, from Macon, Ga., where he is stationed at the air base. He returns to Greene county, during a campaign when he is the "Sheehan, Clark county Democratic boss candidate for Congress."

Never having had military service previous to the war, he won a "Captaincy" evidently on his record for faithful performance and fidelity to the cause.

To get home at the expense of you taxpayers and having plenty of political pull, Smith was given a "detached service" assignment to Patterson Field. That would be his official location but spending the time with his friends in Xenia.

It is the old army gag of traveling under some official title for enjoying a furlough. The average boy even from New Deal families cannot have that advantage because he does not have the blessing of the Democratic National Committee.

He carries a gun, sleeps in a swamp or dugout, eats army rations, and does not even get to nibble the liquor in officer's quarters. To get home he must purchase his own ticket or "use his thumb" as a passport. That is "detached service". It is only for the faithful—the elect.

## SCHOOL NEWS

**Students Wanting Work**  
There are several students in high school who are wanting part-time work. If anyone is interested in such services will you please contact the school office.

## RATIONS TO PUT MEATS UNDER FULL U. S. RULE

Farmers and feeders are anxiously awaiting the final plans for government control of all meat from production on the farm to the packer then to the retailer and consumer. Many farmers are awaiting full details and if the proposed plan goes into effect are considering the sale of all beef and cattle and lambs and retiring from that end of the business. As to the future for hogs there is not the chance of loss as with cattle. The turnover is quicker. Even the farmer himself is not to enjoy the product of his farm without meeting the New Deal regulations. A glimpse of the future under dictatorship can be gained by the following story from the Chicago Tribune:

"When federal meat rationing to consumers begins, every chop, steak, and roast that reaches the dinner table will be a product of an almost completely regimented agriculture."

Since 1933 the government has pulled farmers steadily into the planned economy scheme.

With more rapidity, the meat packers and retailers have been fitted into the plan, and a place prepared for the consumer during recent months of tightening war controls.

This has been accomplished largely thru price ceiling, regulations, the power to curb packers' operations, parcel out lucrative meat-canning contracts to a selected few, promises of subsidies to others, and authority to allocate supplies.

## Final Step Comes Jan. 1

The last step to complete the rationing circle will be taken Jan. 1, when every person in the country will be told exactly the amount of meat he can eat and be given a ration card.

By then the government will hold some away over meat from the time the animal is born.

Officials at desks in Washington, further, hope in the future to increase or decrease meat production at will.

The campaign to obtain control over the nations chops and steaks made slow progress at first.

Pioneer crop planners 10 years ago attacked at the roots of the meat supply—animal feeds, principally corn. By restricting acreage, by paying farmers to cut corn output, the AAA for a time created an artificial meat shortage and abnormally high price levels that brought imports from almost every leading nation on the globe.

## Scarcity Program Scrapped

This program now has been scrapped for one of heavier production to obtain lease-lend supplies for Europe. The program to gain control of feed grains began with farmers being paid to join the AAA. The majority did so. This was followed by threats of price penalties and grain embargoes for the "rugged individuals" who refused to be cajoled. A fight waged by wheat farmers ended with farmers permitted to sell only part of what they grew, the rest to be held on farms until the planners decided they could dispose of it.

A most effective form of attack has been thru what live stock sources call a program of confusion, particularly in bringing meat packers into line. By pulling in opposite directions, it is charged, the Office of Price Administration and lend-lease authorities have created such price inequalities in the industry that hundreds of packers are at the mercy of the government.

Many packers are said to have violated price ceiling rules to avert bankruptcy. This brought court action that ended with the new power to revoke licenses of packers.

Packers with well paying lend-lease contracts for canned meat... about 30 per cent of government purchases is in cans... are working 24 hours daily at a profit, while others without government contracts operate with skeleton forces at a loss. They get far less selling to consumers under OPA ceilings than those selling for lend-lease which is not subject to price control.

## MOVING MANPOWER LIKE CHATTELS

The proposal to move manpower where the New Deal wants it is just about as much a Hitler or Stalin idea as if word had come from Europe that such a plan was being adopted. And the plan is being forced on the French people today by Hitler and our government has been protesting. Being of European origin the New Dealer "Nuttie McNutt", proposes that we shift labor here and there. Southern Democratic labor north and East and Northern Republican labor down south. That is the movement in a "nut shell" under the guise of a war time necessity.

However, such will not be done without a scrap, and we hope McNutt goes on with his squirrel feed plan. It is going to be a good object lesson to the American people. It has already drawn the fire of two leading labor organizers. It has the open opposition of every man that has a home and family. We would like to see a few Greene county New Dealers located in the swampy lumber camps in the deep south or in the mountain camps in the north-west, a hundred miles from civilization.

If we read the comment editorially correct in the Columbus Dispatch and then the letters to the editor where the folks in Ohio hill counties strongly object to moving them from the poor farms as suggested by Elmer Kruse, the AAA ag commissar, to good rich farm land. In as much as these people know more about farming than the AAA labor union member, they probably might give Elmer a few hints on farming and what is and is not "farming the farmer". Elmer is reminded by one lady writer that Ohio's pioneers came from the "hill counties". Elmer must have forgotten even George Washington thought well of the hill counties, at least he once owned a large tract of hill county land. Someone founded Marietta long before the rest of the state had been discovered. Dispatch writers are giving Elmer a little review of early Ohio history—all of which is bunk to the New Dealers.

Elmer should travel over the rich acreage of the state and see some of the wonderful crops of wild lettuce, horse weed, and thistles of different varieties some of the AAA exhorters produce year after year. The people in the hill counties could do no better.

## THE LITTLE GUY—WHERE IS HE TO LAND?

A Cincinnati businessman is authority for the statement that gasoline rationing will not save tires and as for saving gasoline the war and civilians have all that is wanted. He also says thousands of little fellows in business will be closed out in six months by larger firms that have great purchasing power. He says hundreds of small shop owners even in towns of 10,000 will be forced to close in the rural sections. Goods will be scarce and transportation almost impossible. When a Greene county citizen appeared before a federal board in Columbus a few days ago, he argued to permit a young man to remain at his business as his line was different from most every other and held unnecessary. The board spokesman replied that the town in question was no more than any other town and if necessary the women would have to do more than they were now or had been doing for years past. This answer was much like the Illinois delegation that called on a New Deal authority for a priority to rebuild a church of modest architecture that had been destroyed by fire. No priority to rebuild for there were "too many now."

The small manufacturer is in the same position with the small retailer. No orders, not even for war material. The days of New Dealers crying for the little fellow are now over for the Wall Street broker or banker is a welcome visitor at the White House regardless of the fact he was a menace to society a few years back when the fire side chats were fanning class distinction to wage one set against another.

There is but one thing the little merchant or manufacturer stand equal on and that is government taxing—taking most of what both have to pay not only war debts but the enormous cost of the New Deal.

Both large and small business man face one more important fact—a mountain of bonded debt that will be forced onto the third and fourth generations. Some days ago before one of our conscriptees embarked for camp at the call of his country, in conversation he remarked: "I do not mind going to war for my chance of returning is as good as the rest. What I cannot help but wonder about, if and when I return with others, we will be forced to help pay this war debt after giving the best part of our lives to gain victory." It is to be regretted that a few of the leaders in Washington that have never been favored with a guardianship in the form of a parental trust under a will might give a warning as to what a debt caused by waste means to the future of society.

The boys that went out in the First World War returned and on their return have had to help pay the cost of that war and also pay on the present or Second World War debt. The soldier and the businessman or farmer can hope for nothing less than a "scorched earth, seared by a boundless debt."

## A REPUBLICAN HOUSE IS NATION'S NEED

Much has appeared in the public print about Congress, whether it is good or bad, intelligent or ignorant; spineless or supple on issues of public interest and lacking in leadership. To defend congress would be an impossible task. We can sympathize with the members because congress is not the deliberate body it has been in years past. It is not the fault of the individual member because we are under a form of dictatorship where the so-called New Deal demands that congress do this or that and the majority being of the New Deal rubber stamp variety—then all this condemnation of the legislative branch of the government must be laid at the door of the White House, the modern day Stalin under "democracy". Witness the recent Roosevelt "must order or I will do it" then the public wants to blame members of congress. If a Democratic or Republican member became responsive to his constituents, "pass what I order or the Hitler idea will be invoked." No charge can be laid at the door of the Republican minority. The majority has been and is still Democratic or New Deal and your criticisms must be laid there.

The reason you have rationed sugar is not because there is a shortage of sugar. Millions of tons await shipment from the islands in the south-east but to protect the sugar trust the New Deal held back shipments even during a time there was no submarine warfare. There is a shortage on rubber if we look two years ahead. The Japs took a two year supply because the New Deal played to the advantage of the English and Dutch bankers and this cannot be denied. Rubber administrator Jeffers several days ago admitted we had 600,000 tons of rubber in this country. Had the New Deal not hamstrung our own rubber industry the Jap consignment would have been on this side of the Pacific instead of where it was. Moreover the New Deal played into England's hands and even rubber that belonged to American interests had under the trade treaty to be shipped in English vessels. The New Dealer shouters never intimate why American owned rubber was not stored in this country. By so doing they would expose their betrayal of American interests in their desire to unload free trade on our own people. You do not hear the average Democrat condemn the rubber situation even in the face of the fact the administration hauled whiskey from England since war was declared but could not risk boats to haul sugar from Cuba, sugar owned by American interests.

Criticism against Congress is unjustified in the face of all the facts but there should be criticism against the Democratic New Deal control of Congress. A Republican House after next January will right many things now wrong. Even though the Senate is Democratic and may remain so, financial problems must come from the House. With a Republican House the New Deal will find plenty of sugar, rubber, meat, wool for the cuffs of your trousers. A Republican House is the need of the times.

A Xenian calls our attention to the back-door method of campaigning for the New Deal. The idea is to represent oneself as a Republican but opposed to certain candidates on the Republican ticket on the "isolation issue." The idea is not new, or novel, just a plain intention of voting the Democratic ticket and rather ashamed to let neighbors know they have adopted the New Deal.

With hundreds of non-residents in Greene county as well as other counties in Ohio, Republicans are to be on the watch for illegal voters. Non-residents can vote in their home state by mail and of course any vote cast in this county would be illegal. The poll books used in this county will be checked after the election for illegal voters and prosecution is threatened by Republican leaders, not only in Greene but other counties.

The Columbus Citizen takes State Auditor Joseph Ferguson to task for his statement that the Ohio state expenditures for 1941 were 20 million greater than 1940. It would be natural for the New Deal Auditor to paint the picture as he did but he did not mention that Gov. Bricker was paying on the Davey Democratic deficit and bank loans which the present administration inherited. Gov. Bricker promises to pay the state's obligations and without new taxes, another thing Ferguson did not mention. Without new taxes how could the state spend in 1941 more money than in the previous year? Ferguson's Democratic followers did not take his advice last August when he was making similar claims as a candidate for the Democratic nomination for governor. It is not likely he can influence even his own party members on his recent claims. The Citizen comments by saying "The voice was that of Ferguson" leaving the reader to judge for himself.

Windy Wendell Wilkie, war agent for Roosevelt, traveled around the world in a half million dollar bomber at a cost of more than \$60,000, all of which comes out of the pockets of you taxpayers. The "Wind" goes on the air Monday night to give you something for your money. He will tell you just where the war is as if you do not know.

Mamma Roosevelt is to leave soon in a U. S. bomber to visit King George and the Queen in England on a social call at the expense of the nation. A lot of things are being pushed ahead of schedule down in Washington fearing the next House of Congress will be Republican and stop the Roosevelt spend-thrift idea. The 18-19 year old draft for school boys is another "must and hurry-up order." Next year Roosevelt will follow Mussolini and call out the 18-16 year-olds. You can begin to realize what a bargain the nation got with the advent of the New Deal and the visit of King George two years ago.

We get a tip that storing meat in "cold storage plants" by farmers and others who rent space, holding the

den by Price Fixer Henderson on the ground such acts are but hoarding. Moreover all citizens are to be held to two and one-half pounds of meat a week after January 1st according to present plans. Farmers may face the order of securing a permit to butcher his own hogs.

This column would not shed a tear if Henderson uses all his dictatorial powers granted by Roosevelt to force farmers to take the same dose that is cooked up for townspeople. It would bring home to all just what the New Deal is. In Russia farmers are not permitted to eat their own products. The government takes everything. The farmer must stand in line each week to get his family provisions from a government agent, just like our farmers must do to get repairs for machinery.

Allen Turnbull, Lakewood, O., member of the high school faculty, dropped into town over the week-end. Being a true-blue Jefferson Democrat, Allen makes a guess that Wendell Wilkie will be a candidate for president on the next Democratic ticket. The theme song for that campaign could well be "Going Home", for Wendell wandered away from his political mooring when attracted with a lot of utility money that made him thing he was presidential timber for the Republicans. The voters thought otherwise and gave him a sad good-bye, and a copy of "Gone With the Wind." We hope Allen's prediction comes true for by that time the good old American custom of individuality and equal opportunity will have given away for the Stalin idea of government, something that would certainly bring the spirit of Thomas Jefferson back to life.

Hoarding! Who would think a Democratic farmer would be guilty? A few days ago we met a Democratic Clark county farmer just as he came onto the street in Springfield carrying a smoked ham and a whole side of bacon. We had to chide him just a bit. What he had to say cannot be put in black and white.

The Roosevelt administration is up to its neck in a coffee-liquor fight that reaches every home and eating house as well as the fellow that wants his liquor. The shade of prohibition stares the administration in the face and the "sweat is on the brow", disturbed over a method of dealing double with the contending forces. The grocers want rationing of coffee to save them from the frowns of the customers. As the plan stands now the administration can lay the blame on retailers and wholesalers. The liquor people demand an open coffee market to head off the threat of prohibition. Petitions by the thousand are pouring into congress and the famous White House demanding coffee and prohibition. Beer trucks everywhere on rubber disturb the farmer who is to be "frozen on the farm for the duration." The dry movement is headed by Sen. Lee, Okla. It looks like the 18-19 war call for boys is to become meshed in the coffee-liquor fight. Doubt dealing will not settle this issue.

Those who own trucks must dig up the pedigree from A to Z as well as the grandmother's birthplace before you can get three, gasoline or repairs. These are busy times in the motor world. While you must give your

time think of the thousands of Democrats that are to get government jobs recording the pedigree of your motor truck. Here is where the government wants part of the 185,000 new or old typewriters the government wants. Mr. Roosevelt will call for all radios next.

## Washington Letter

(Continued from first page)

James F. Byrnes Congress has enacted further amendments to the Price Control Law giving definite power to Byrnes and the Price Control Administrator to control and regulate rents, including hotel rates. Incidentally, it has been announced that Ben Cohen, one of the original and most active of the New Dealers and long a member of the famous partnership of Cochran and Cohen, has been named as legal advisor to Mr. Byrnes. The naming of Cohen caused the lifting of many eyebrows in Washington and considerable discussion as to the why and wherefore for the appointment. It will be remembered that Mr. Byrnes resigned as an Associate Justice of the Supreme Court in order to accept the chairmanship of the Economic Stabilization Board, and that he is one of the most brilliant and able lawyers in the United States. It is doubtful that Cohen can give Chairman Byrnes much legal information that he does not already have.

# SURPLUS OR DEFICIT

## Gov. JOHN W. BRICKER Made Good His Promise

Ohio is fortunate to have as its governor in these critical times a man who has made good on every public promise. John W. Bricker pledged that no new or increased state taxes would be needed if he were elected. Today he repeats this promise for the next two years. With every vote's purse strained to meet the rising tide of federal taxes, all saving that can be made in state taxes assume double importance.

## Which do YOU Prefer?

When Governor Bricker took office, state finances showed a DEFICIT of \$40,000,000 piled up by the previous administration. Today this indebtedness has been paid off and a SURPLUS of over \$20,000,000 built up. This money belongs to you—the taxpayers. It was not used for political vote buying, but remains available to keep Ohio at highest efficiency during the war period.

## Club and Social Activities

Mr. Harold Cooley and Mr. Howard Swain have been transferred to Jefferson barracks, Mo. from Fort Benjamin Harrison, Indiana.

Announcement—Citizens are hereby informed that beginning Monday, the fire alarm will be given a test at 12 Noon through the winter months. No alarm should be exercised.

Rev. and Mrs. Paul Elliott of the First Presbyterian Church, are arriving today to live in the parsonage, which has been under-going redecoration. The community bids them a hearty welcome.

Mr. and Mrs. Wilfred McDonald are announcing the arrival of a daughter, Elaine K. Mrs. McDonald is a daughter of Mr. and Mrs. Earl Randall of this place and reside near Port William.

Seventeen members of the Clark's Run Club and guests were entertained last Wednesday at the home of Mrs. E. C. Payne with Miss Cornelia Bradfute as assistant hostess. The yearly program books were not presented at this time since club members contemplate discontinuing meetings for the duration. The club will meet in November at the home of Mr. William Clifton, with Miss Josie Charleton as hostess.

Members of the R. F. D. Club met Friday evening, Oct. 16th for a Pot Luck Supper at the home of Mr. and Mrs. Fred Chase. Guests from out of town were: Miss Gladys Bungey, Mr. Sterling, Mr. and Mrs. Alton Dunne and son, Neil, Xenia; Mr. Hall McLean, Dayton. Members of the club present were Mr. and Mrs. Edward Payne, Mr. and Mrs. Victor Bungey and daughter, Frances; Mr. and Mrs. E. R. Kitchen and children, Stephen Joseph and Mary; Mr. and Mrs. Sherman Cotton and daughter Betty; Mr. and Mrs. Arthur Pfeiffer and son, Larry; Mr. and Mrs. Chas. Watkins and daughter, Joan; Mr. and Mrs. Harry Garringer, Joan; Mr. and Mrs. Nora Pfeiffer, Mrs. Thelma Corn, Miss Leola Corn, Miss Dora Murphy, Mr. John Tobias, Miss Cornelia Bradfute and the host and hostess, Mr. and Mrs. Fred Chase.

A field representative of the Ohio Civilian Defense Council met Tuesday evening with some twenty volunteers at the mayor's office. The speaker, Mr. Myers, stated many Americans are unaware that bombers have now a cruising non-stop range of Berlin to New York and across to the west coast. Since we have enemies both on the east and west it stands to reason that we are not too well protected. It is important that bridges be protected to make sure an army convoy can get through town. He recommended that the town be divided in four sectors with an air warden, Junior Warden, Fire Watchers, and plane spotters be named for each sector and all be held responsible in case of emergency. He called attention to the fact that no insurance can be taken out for full coverage of all losses in case of air raids. Charles Riebert has issued a call for more men volunteers. Classes in first aid are to start in a few days. All interested should contact Mr. Harold Riebert or Mrs. John Mills.

Mr. and Mrs. J. C. McMillan, Columbus, announce the marriage of their granddaughter, Miss Mary Elizabeth Lettich on October 18th to Lieut. Clifford E. Huckleberry, Columbus. The marriage took place at the McMillan home.

## WILL OBSERVE 55th WED- ANNIVERSARY, SUNDAY

Mr. and Mrs. Robert S. Townsley will celebrate an unusual event on Sunday, their fifty-fifth wedding anniversary, something few couples get to enjoy. Five years ago Mr. and Mrs. Townsley celebrated the fiftieth anniversary when many friends and neighbors were invited guests. This year the event will be celebrated with a family dinner with the son, Fred M. Townsley and family. Mr. and Mrs. Townsley have been life-long residents of this community and both represent the local members of their respective families. Mr. McMillan is a daughter of the late Daniel McMillan. Their many friends extend congratulations, honoring the event to be observed Sunday.

## BOY SCOUT MEETING

At a meeting Monday evening in Xenia, local workers for the Annual Boy Scout membership drive met with Walter Harner, Campaign Chairman, and other members of the county organization. Instructions were given as to the campaign. The drive starts with an Early Bird Breakfast in Xenia on Tuesday, Oct. 27 and concludes on Thursday with a Victory dinner. Mr. Harner urged a short intensive campaign. He commends Mr. Paul Edwards, who is Vice Chairman from this community for the fine work he has done in organization.

Charles Adair, Xenia, District Chairman for this district also spoke briefly on the lines of Scout work. The local troupe No. 68 is sponsored by a Citizens committee with Harvey G. Auld as Scoutmaster.

## FALSE FIRE ALARM MONDAY EVENING

Someone turned a false alarm at the fire station box on the opera house building about ten o'clock, Monday evening. It is thought to be the work of pranksters hearing the Halloween time. Evidently the guilty have little idea of what a fine and lays can be placed for such an act.

## PROF. VANDERSALL A GUEST

Dr. and Mrs. Ralph A. Jamieson had as their guest this week, Prof. H. W. Vandersall, of Cairo, Egypt. Dr. Vandersall is a professor in the American University at Cairo, and with his family, returned to the United States on a years furlough. Prof. Vandersall is director of the choir in the American Church in Cairo, and Mrs. Margaret Work is the organist. Consequently the Jamiesons were very glad of this opportunity of receiving first hand news of their daughter and of the near-war conditions of that historic land of the Pharaohs. Prof. Vandersall and family will make Chicago their headquarters while in this country.

## 65 GO TO FORT HAYES

The county draft board on Tuesday sent 65 men to Fort Hayes, Columbus, for the October quota, twenty seven short of the call. One local boy was in the list, Harold Strowbridge.

Only 26 of the 42 men sent to Columbus Monday by the Xenia City-Twp. board were accepted. Henry E. Barnett, chief deputy sheriff under Sheriff Walton Spahr was one accepted and was named acting corporal of the group which returns to Fort Hayes in two weeks. James Shaw of this place was another in the list accepted.

## HOME CULTURE CLUB MEETS

Mr. Ira D. Vayhinger acting President of Cedarville College was guest speaker at the regular meeting of the Home Culture Club in the Masonic Club Room, Tuesday afternoon. He spoke on the subject "Fifty Thousand Homeless Men in Chicago who are crowded into one square mile."

Guest day was observed by the club and thirty five members and guests attended.

Yellow and white chrysanthemums and yellow tapers decorated the hall.

Mrs. R. C. Ritenour President presided at the tea table where an ice course was served.

Hostesses were Mrs. A. E. Richards, Mrs. B. H. Little, Mrs. Cora Trumbo, Mrs. Paul Edwards, Mrs. Arthur Cummings, Mrs. R. R. Townsley, and Mrs. J. H. Nagley.

A large crowd gathered in the Church Dining Room last Friday evening for the Annual Fall Rally and Get-together. The usual A. No. 1 dinner was served, and followed by a varied program of unusual interest. An excellent talk by Prof. M. H. Bartels on the "Place of the Church in the Present World Crisis," a word of welcome to the fifteen new members received on World-Wide Communion Sabbath, by the pastor, with an appropriate response by Mr. Lewis Lillick; reading of the twenty representatives of our church in the Army, Navy, and Air Service, by Mr. Fred Townsley, a veteran of the World War No. 1, and a tribute to our men and one woman representative. Music both instrumental and vocal, and the climax of the evening festivities, a surprise sprung upon the pastor and his wife, when the chairman Mr. Meryl Stormont uttered some kind words; and a table, heavily laden with canned fruit, vegetables, and other good things, was brought in, and presented to the pastor and wife. Mrs. Jamieson tried to express the thanks of the pastor and his wife for this and the many kindnesses shown to them during her recent illness, as well as during the nearly 17 years of the present pastorate.

## County Blood Donation Exceeds Quota

Exceeding the assigned quota by 48 pints, 648 pints of blood were contributed by residents of Xenia and Greene county at the Red Cross blood center at Central high school last week.

The chapter scheduled 600 registrations from Tuesday through Saturday, an average of 120 for each of the five days the mobile unit of the Cincinnati-Hamilton county Red Cross blood donor service operated here, but 82 volunteers were unable to give blood because of physical deficiencies

and could not be accepted after reporting at the center.

Miss Katherine Smith, chapter secretary, said the Red Cross was also compelled to refuse a number of persons who volunteered Friday and Saturday. They could not be accepted because the local quota was filled.

Dr. Robert Forney of Cincinnati, in charge of the unit, praised the local chapter and its blood service committee for co-operation in the project.

Our fighting men are doing their share. Here at home the least we can do is get 10% of our income in War Bonds for our share in America.

**PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO**

Proposing to amend section 13 of article IV of the constitution of the state of Ohio, relative to vacancies in judicial office. Be it enacted by the General Assembly of the state of Ohio, three-fifths of the members elected to each house concurring therein:

That there be submitted to the electors of the state, at the general election on the first Tuesday after the first Monday in November, 1942, a proposal to amend section 13 of article IV of the constitution of the state of Ohio, to read as follows:

**ARTICLE IV**  
Sec. 13. In case the office of any judge shall become vacant, before the expiration of the regular term for which he was elected, the vacancy shall be filled by appointment by the governor, until a successor is elected and has qualified; and such successor shall be elected for the unexpired term, at the first general election for the office which is vacant that occurs more than forty days after the vacancy shall have occurred; provided, however, that when the unexpired term ends within one year immediately following the date of such general election, an election to fill such unexpired term shall be held, and the appointment shall be for such unexpired term.

**BE IT FURTHER RESOLVED**, That, at such election, herein referred to, the above proposal shall be placed on the official ballot in such form as the secretary of state may prescribe; if the vote for the proposal shall exceed those against it, this amendment shall take effect, and section 13 of article IV of the constitution of the state of Ohio shall be amended and amended.

Adopted April 22, 1942.

**STEPS TOWARD SOLUTION OF THE ALCOHOL PROBLEM**

**LESSON TEXT**—Ezekiel 18:17; Amos 5:11-24; Romans 14:13-21 II Corinthians 6:17; Peter 4:1-4.  
GOLDEN TEXT—Let judgment run down as waters, and righteousness as a mighty stream.—Amos 5:24.

Let's do something about it! That is the right word regarding the liquor problem now. The time is past for theorizing or deploring—we need action. The liquor interests have redoubled their efforts of late because they fear the aroused public opinion of decent Americans. Why do not America's \$5,000,000 churches and synagogues say the word now and curb this awful thing which is threatening to destroy us?

**I. Right-Minded Rulers (Ezekiel 18:17).**  
National leaders should set the example for the people—example of sobriety, clear-headed thought, and full devotion to the cause of our country. Are they doing it? We quote: "Washington is the wettest spot in the nation. The per capita consumption of alcohol in the District of Columbia is almost twice that of the wettest state in the Union. In 1940, 4.26 gallons were consumed for every man, woman and child. Nevada, the wettest of all our states, consumed 2.35 gallons per person. There at Washington where they need the clearest heads, the steadiest nerves, and the highest morals, they are drinking the most booze" (Dr. J. M. Hargrett).

**What about 1942?** Those who have been able to observe, indicate that conditions are probably worse now! The secretary of war and the secretary of the navy have insisted on the desirability of the sale of beer in service canteens. No wonder the "Brewers' Digest" of May, 1941, gloated: "One of the finest things that could have happened was the insistence by high ranking officers to enable beer to be available in army camps."

**Here is a chance for the brewers to cultivate a taste for beer in millions of young men.** America had better wake up!

**II. Right-Spirited People (Amos 5:21-24).**  
God has no pleasure in the religious observances and the rituals of a people who profess to worship, but who come with unrepentant hearts and unclean hands. Can God bless the man (or his money) who profits either directly or indirectly from the sale of intoxicants? Amos has the answer. Let us heed his plea that righteousness should run through our national life as well as our personal lives, "as a mighty stream."

**III. Right-Living Christians (Romans 14:19-21; II Cor. 6:17; I Pet. 4:1-5).**  
We have already suggested that there are 65,000,000 church members in America. If they were all right-living Christians there can be little question that they would long since have eliminated the liquor business, for it is certainly most unchristian. Apparently they are either not real Christians, or they are asleep to their responsibility. Our Scriptures in this section tell us that in a true Christian life there is

1. No offense (Rom. 14:19-21). The question here is that of eating meat offered to idols, which does not concern us; but the great Christian principle here stated is of the highest importance and bears directly on our daily life.

None of us lives to himself (Rom. 14:7). Everything we do counts either for or against Christ. Such an ordinary (we repeat) thing as staying away from church service speaks to the world and especially to our neighbors of our love of interest and respect for the worship of God. Apply that principle to the use of any alcoholic beverage, and every Christian must be a total abstainer.

2. No compromise (II Cor. 6:17). We have come to the unscriptural and deeply dangerous viewpoint that if a Christian wants to compromise a bit with the world, the flesh and the devil, that's his "business." God does not think so. He says: "Come out from among them, and be ye separate." The weakness of the church on this matter of liquor is that too many of the 65,000,000 are guilty of the sin (and that's what it is!) of compromise.

3. No worldliness (I Pet. 4:1-5). Here again the assumption of many is that there are two groups in the church—worldly Christians and spiritually minded ones, and that each is as good as the other. Both classes are there, no doubt about that, but God never has and never will countenance worldliness on the part of His people.

Essentially, there are just two opposing principles in this world—self and God's will. We are either controlled by the flesh or by the Spirit of God. Peter makes it clear that the one who claims to belong to Christ should no longer be controlled by self-will, but by God's will. Are we ready, fellow Christians, to yield to Him?

**URGES BELL FOR SUPREME COURT**

JUDGE CHARLES S. BELL

"Judge Charles S. Bell is an able, experienced and courageous jurist whose record as Prosecuting Attorney and sixteen years of service as Common Pleas Judge of Hamilton County eminently qualify him for election to the Supreme Court," said Judge Frank R. Gusseller, Chairman of the Charles S. Bell Campaign Committee. Continuing, Judge Gusseller said:

"Compelled to leave High School when his father died, Judge Bell, at the age of sixteen went to work as a clerk in the Ivorydale Terminal of the New York Central Railroad and had advanced to the position of yardmaster when he left the railroad in 1910 to practice his chosen profession of the Law. While working, Judge Bell attended night law school and in 1908 was graduated as a high school and law student. Passed the Ohio Bar examinations and entered the practice of law in the office of his brother, the late blind jurist Samuel W. Bell, who became Presiding Judge of the Municipal Court of Cincinnati at the time of its creation and continued as such until his death on February 20, 1942.

"On January 1, 1919, Judge Charles S. Bell entered the public service as first assistant to the Prosecuting Attorney and served as such for four years. In 1922 he was elected Prosecuting Attorney by the people of Hamilton County and reelected in 1924.

"In 1924 he was elected Judge of the Court of Common Pleas of Hamilton County, reelected in 1932 and again in 1938. Evidencing the high regard with which he is held by the people of his home county, at his reelection in 1938 Judge Bell carried 717 out of 719 precincts in Hamilton County.

"Voters will find the name Charles S. Bell on the separate Judicial ballot when they go to the polls on Tuesday, Nov. 3, and by placing an X mark before his name they will be voting for a man who has ample knowledge of the law, a wealth of experience of bench and bar and most of all integrity and courage."

**LEGAL NOTICE**

Charles Williamson, whose place of residence is unknown to the plaintiff or her next friend and with reasonable diligence cannot be ascertained, will take notice that on the 20th day of September, 1942, Mildred Williamson, Minor, by her next friend, Edith Cline, filed her petition against Charles Williamson in the Court of Common Pleas, Greene County, Ohio, Case No.

22,990, praying for a divorce, custody of children and relief on the grounds of gross neglect of duty and extreme cruelty. Said cause will be for hearing on and after six full weeks from the date of the first publication hereof.

# A GREAT DAY IS COMING! VICTORY PIG SALE

## Saturday, Oct. 31st

### 1:30 P. M.

## Greene County Fairgrounds

### RAIN OR SHINE

On that day farmers are requested to bring whatever pigs, lambs, chickens and other livestock they want to sell to the Greene County Fairgrounds, when they will be sold to the highest bidder, and the consignor will be paid for them in War Bonds and Stamps.

There will be plenty of amusement along with the sale. A good speaker will be there, several bands, and entertainer from WLW.

In the corner is an entry blank. Any farmer not already solicited who desires to consign something to the sale fill in the blank and mail as soon as possible after October 22 to Frank Curry, 28 Steele Bldg., Xenia, who is in charge of the sale, or phone 393.

If it rains, sale will be held in cattle barn at the Fairgrounds.

Let's make this a great day for Greene County.
